

*St Davids, Haverfordwest, Pembrokeshire, SA62 6QT*

We welcome families and coastal path walkers. Accommodation of groups is only by prior arrangement. Pitching is generally spaced around the perimeter of the fields and most pitches are fairly level; a few have a gentle slope. There are large central areas for children to play and no overhead lines to restrict kite-flying! Only 'soft type' kites are permitted on the site.

Well-behaved dogs are allowed, and must always be on a lead and not cause nuisance to other campers. There is a maximum limit of two dogs per pitch. It is of utmost importance that dogs do not foul the site and if there are 'accidents' then owners must immediately clear them up. A 'poopscoop' bin is provided on the site. We accommodate tents and small motor homes, but not touring caravans.

**FACILITIES:** Water standpipes within 100m. of every pitch. Service building including toilets, hot showers, hot water wash-basins, hair dryers (ladies and family rooms), hot water sink units, two family rooms, shaver points, and refuse and chemical toilet disposal points. Hot water in the block is not metered. Six electric hook-ups. There is a laundry room at the farm (100m from site) and this has coin-operated washing machines and dryer plus hand wash facility and spin dryer. The Farm shop sells basic essentials and organic produce, including cheese made from our cows' milk here on the farm. We also grow and sell organic potatoes. The shop is open all day during the school holidays and at regular times outside that period.

**FEES 2011:** Per person per night; adult £7.00, child (3 to 15 years inclusive) £3.50. Hikers/cyclists without motor vehicle £4.50 per adult per night. Dog £3 per night. Electric hook-up £3 per night. Fees to be paid in advance on day of arrival.

**ACCESS:** Take the Caerfai Bay Road from St David's and turn left just before the Car Park above the beach at the end of this road. Please call at Shop/Office on road on left before pitching.

**BOOKING:** We are pleased to reserve a pitch for you, and this requires a non-returnable deposit of £25 per week. Bookings during the school holidays and May Bank holiday are for a minimum of seven nights. Although we endeavour to allot particular pitches in particular places as requested, we regret that we cannot guarantee this. Families and friends that wish to pitch near to each other must make separate bookings with separate deposits paid and although we shall do our best to find close pitches, we cannot guarantee this is always possible.

*It is a condition of booking that allocation of pitches is entirely the decision of the site operator at all times.* We regret that we cannot take gazebos during the school holidays.

**The Camp Site is open from May 20th to September 30th 2011.**

**Should you require further information, please contact us.**

---

*Caerfai Farm Camp Site has been in existence over fifty years. It occupies a unique position over-looking the spectacular coastline of St. Brides Bay, and is only 150 metres from the sandy bathing beach at Caerfai. A private access leads directly onto the Pembrokeshire Coast Path.*

*Caerfai is a 180 acre organic dairy farm with pastures free of artificial insecticides, herbicides or fungicides. Renewable energy is a primary consideration and solar, geo-thermal, bio-gas and wind power are all used at Caerfai. Camping at Caerfai Farm will give you an opportunity to holiday with a small carbon footprint and help reduce the effects of Climate Change.*

*The Camp Site was selected as one of the finalists in the Sunday Times Green Spaces Awards in 2008.*
